The Sonoma Index-Tribune

VOL. XXXXI — SONOMA, SONOMA COUNTY, CAL., NOVEMBER 9 1918 — NO. 13

JOE RYAN NEW DEPUTY SHERIFF

Petray Names Popular Sonoma Resident To Succeed Murray.

As intimated in these columns last week Sheriff elect James Petray has named a new deputy sheriff to succeed Jack Murray, and the new appointee is none other than Joe Ryan whose handsome vote in August demonstrated his popularity from one end of Sonoma Valley to the other. Mr. Petray could not have done anything better to cement friendship between his administration and this section, for it shows he has the true spirit of the service and wants his deputies to be men acceptable to the communities which they preside over and men of proven worth. Joe's record is the best endorsement he could have had and that he will make good in the future as in the past goes without saying. Other appointments announced by Mr. Petray are Douglas Bills of Sebastopol, Gus Jewett of Petaluma, Marvin Robinson of Santa Rosa and Ben Barnes of Healdsburg.

When Ryan was deputy sheriff before, there was no salary attached to the office but the last legislature created another deputy's position allowing $100 per month salary the year round as compensation. This has been in effect for some time. Ryan succeeds Murray on Jan. 1st.

ATTENDED FUNERALS OF RELATIVES IN OAKLAND

Mr. and Mrs. Campbell of the Baxter tract attended the funeral of their grandson in Oakland this week. Mr. and Mrs. Fields attended the funeral of their daughter who died of the influenza in that city.

CANNERY MAN'S WIFE DIES

Mrs. Peter Quartaroli Succumbs To Pneumonia and Leaves Grief Stricken Family To Mourn Her

Mrs. Peter Quartaroli, wife of Peter Quartaroli the superintendent of the Sebastiain Canning Company died at a local sanitarium Wednesday evening of double pneumonia. Her death followed an attack of influenza from which she had a relapse.. About a week ago she was removed to the sanitarium where everything possible was dore to combat the fatal malady, a consultation betw en Doctors Gobar and Taylor of San Francisco failing to save her life. Mrs. Quartaroli was a recent comer here with her husband and family but made many many friends and at the big cannery where she took such active interest and did such splendid work her death has caused profound sorrow. Her husband is grief stricken and two lovely children Ida aged 14 and Ralph 6 years of age are left to mourn a beloved and devoted mother. Brothers and sisters too of Stockton are bereaved by her untimely death and also other relatives in Italy.

Prior to locating here when Mr. Quartaroli became interested in Sonoma's big new industry, the family had resided in San Jose for more than a dozen years. The deceased lady was highly respected and esteemed in the Garden City and her death will be read with keen regret by friends there. After the funeral from the Bates undertaking parlors at 2 p. m. today, it is planned to ship the remains to San Jose for interment. Mr. Quartaroli is a cousin of L. Quartaroli and his brothers of this place. He has also been very ill with the influenza but is now recovering.

Sonoma Valley Gives Bell Majority Vote

DEFEATS DRY MEASURES DECISIVELY. BALLARD, BUTTS AND MURRAY WIN CONTESTS. STEPHENS AND YOUNG ARE ELECTED IN STATE

The election passed off very quietly here, a light vote being cast in all precincts of Sonoma Valley. Theo. Bell won out in every precinct over Wm. D. Stephens as did also Snyder over C. C. Young. The dry measures amendments 1 and 22 were badly beaten in every precinct. Ben Ballard defeated Miss Marshall in all precincts outside of Sonoma City. Virgil Butts got a majority over Phil Varner in every precinct here. Thos. J. Lennon got the handsomest vote of the Justices of Supreme Court candidates. Murray beat Jep Valente in the precincts outside of Sonoma and was therefore elected constable. Jep's name was written in by 336 voters.

THE ARMSTICE NEWS

When the United Press report of the armstice reached Sonoma the town turned loose and began to celebrate as did the other cities where the report was current. The S. F. Bulletin,s head lines further complicated the mystery as to whether the report finally doubted might not be authentic. In a letter received from Frederick Duhring yesterday he said peace was due in about two weeks from the time he wrote the letter.

M. Power, former Sonoma businessman, has been in the employment of the government since leaving here. He has been cutting for Uncle Sam and has been at different military posts. His wife and children have been making their headquarters in San Francisco, Mr. Power coming home for the week ends.

Carl Von Hacht has resigned his position with the Standard Oil Company and has gone to Santa Rosa where he is awaiting a call to the Coast Artillery. He signed up last week and was told he might go across with the big guns by Jan. 1st. Carl's place has been taken by George Stickel.

FAIR GIRL CALLED BY DEATH

Doris Bluxome Only Daughter of Former Spreckels Superintendent A Victim of Influenza In Oakland

Miss Doris Bluxome, only daughter of Mr. and Mrs. I. D. Bluxome formerly of Sobre Vista, the Spreckels ranch, died in Oakland last Sunday of pneumonia following an attack of the deadly influenza. An idolized child, her untimely passing has prostrated her parents and profoundly shocked Sonoma friends and schoolmates. Doris was a beautiful young girl, a recent student of Sonoma's High School, having remained here to finish her school year after her parents leave taking. She and her brother, Don, boarded at the home of Mrs. A. Bates and both were popular with teachers and students. They left some months ago, Miss Doris to take a business course at an Oakland College.

While frail in appearance, Miss Doris was in good health while here and her delicate type of brunette beauty was much admired. She was possessed of many lovely traits and a refinement of manner which called forth the greatest admiration among all who knew her. Mr. and Mrs. Bluxome have the heart felt symathy of the community in their great loss. The funeral took place Monday in Oakland.

The Red Cross shop has been closed until after the "flu".

Alice A. Crape wife of Edward A. Crape died here this week of lobar pneumonia. She was 39 years of age.

A little son was born to Mrs. Andreotte of the Tate ranch. Dr. Gobar attended the mother who had been suffering from influenza. Mrs. Andreotte and baby are now doing nicely.

Mr. and Mrs. Ben Streeter have moved to the J. Borracco place above the present O'Brien ranch which they gave up this week. The O'Brien place is now leased to Wm. Offut.

Subscribers are requested to keep their paper paid in advance. The rule has been made obligatory by the War Industries Board.

Donald Revie has written from Camp Mills, New York.

Miss Doris Clewe has been up from S. F. recuperating from the "flu".

Mr. and Mrs. J. A. Shofner will leave shortly for Southern California to visit their daughter, Mrs. Lemons.

Special letters of administration were issued by Judge Denny to Mrs. Agnes Ryland last Monday on the estate of her late husband, C. T. Ryland. The special letters were necessary in order to care for the rents and business transactions aggregating about $1500 per month.

Ernest Clewe was called to the colors and ordered to Ft. Worth next week.

An Analysis of the Fight Big and Little

AN ANALYSIS of the political fight just waged at the polls is interesting in many of its phases, the gubernatorial contest of course topping the contests since it was in that, that the injustice of the primary law was made so glaring and has resulted in the election of a man through the fortunes of politics rather than through any great popularity.

Governor Stephens was a Republican with the great Johnson built political machine behind him. He had been a good war governor and advertised his good points along these lines widely. His views on prohibition while not meeting favor with Californians caused no concern among voters since they believed him to be harmless so far as exercising any power in regard to the issue wet and dry. He failed to show popularity when pitted against James Rolph at the primary election but political technicality and a rotten law which deprived people of their power of franchise gave him precedent at the final election and entirely eliminated Rolph, the real choice of the people. Theodore Bell went on the ballot practically at the last hour of the campaign as an independent candidate. He had no time to fix political fences and little or no time to let the people of California know the inside facts and figures in regard to extravagance under the Stephens' regime. The portion of his platform which gained the most momentun had to do with his protective attitude toward the vineyards. The fight was by no means clear cut. It was in every sense befogged and in the heavy weathere which voters experienced, Stephens made port. The fog belt created by the Sacramento Bee which advocated the writing in of Rolph and thus confused the issue, was a pretty lumpy brand of politics for a newspaper like the Bee to pass out to its followers. To punish the public in order to punish its enemies was poor business.

Small town politics in connection with the local scrap of constable in Sonoma township was of a befogged sort also. There was but one name on the ballot and the line of least resistance which made it easier for voters to stamp a cross than go to the trouble of writing in a name was a decided factor in the fight. The contest took on an interesting and amusing phase when it became apparent that the incumbent's chief backer was trying to make the church people and other good but far from wise folks swallow the officer with a coating of sanctimoniousness. "Murray" "Bone Dry, Amendment 22", "Stephens" and "Young"! Verily politics make strange bedfellows but such was the ticket of Sonoma's "bone dry" organ which showed its true sentiments by refusing to accept the Rominger bill and urging its readers to vote bone dry. This was the company the constable was training with just before the election. Judgement as to the consistency of it and reasons for it we leave to our readers. We do not believe however that the saintly have any right to claim that they won the fight for Murray. He must lay all of his good fortune to the fact that his name alone appeared on the ballot and pay his respects to some of his old time friends.

Now that the campaign is a thing of the past let us all get busy, put the finishing touches on the war and boost, boost, boost.

Italy's Enemy Vanquished

Valiant Italy at last rejoices that the enemy which her loyal sons have held at bay and vanquished has collapsed and after the most terrible hard ships and the most vigorous campaigns, victory, glorious victory has come to her people. The civilized world rejoices with Italy in the triumphal hour not only at the ignominious defeat of Austria but at the whole sequence of events made possible by the noble heroic stand of the sons of Italy who fought and kept on fighting until the disintegration which was to change the political complexion and map of Europe had been brought about.

History with its ruthless pitiless details has been in the making and civilization which seemed at times to almost totter and be about to fall into the black abyss of autocracy has been saved to future generations. The design of Austria and its ally the beast of Berlin, to crush the flower of Italy has been fustrated. How Italy stemmed the tide of the flood waters which were intended to submerge her future and rolled back the torrents on her invaders until the allies were able to give decisive aid will be written into history's pages and be none less glorious than some of the annals of Italy which are truly classics. May peace and all its blessed fruits come now to the Italian peple. Long may they prosper.

The United War Work campaign is worthy work being helped along—absent treatment as it were for our boys "over there". In other words, since we ourselves cannot make life cheerful and comfortable for the soldiers and sailors over seas we send the comforts to them, provide them cheer and have hospitality, tender consideration and kindly advice dispensed by the men and women of the big ideas and wonderful personalities who engage in the sort of work being carried out by the Y. M. C. A. Knight of Columbus Jewish Welfare Boad, Salvation Army etc. The work these organizations have been doing have been praised everywhere and time enough has elapsed so that its effectivness has been well demonstrated. Let us all put our shoulders to the wheel and do Sonoma's Valley's share toward the big drive to keep the magnificient welfare work going. At this important time when the reactions of war and great victory's exultation will create vital problems to be dealt with, it is the time above all others that we should aid and urge that the morale of our troops be kept at the highest and practical work of the human sort be tireless and unceasing.

IN Thanking people for following his advice and electing Murray, Mr. Bigelow neglected to thank them for the nice vote they gave Theodore Bell and the nice drubbing they gave amendments 1 and 22.

They tell us some of our boys "over there" are grape picking in France Perhaps some will be "chicken" picking too before they come home.

A happy couple were married in their "flu masks", a case of "if you love me darling tell me with your eyes".

What do we know about Col. House? Some body home there in that House and no room for improvement.

PIONEER MOTHER LAID TO REST

Mrs. Josephine Fisheer Who Came Here Fifty Years Ago Crosses Great Divide.

At a quiet funeral service last Sunday, all that was mortal of Mrs. Josephine Fisheer, a pioneer mother of the Sonoma Valley was borne to the last resting place in the Catholic Cemetery where slumber loved ones gone before. Mrs. Fisheer died in Napa following a bad fall which at her advanced age of 74 years was such a shock to her system that she passed away a few days later. Mrs. Fisheer was a young woman when she came here to this valley with her first husband, B. Rosini. He had been a partner of the late V. Bulotti in San Francisco and moved up here to engage in farming. They located on the Napa road on what was later the Proletti ranch. As a young woman vivacious, generous hearted and a devoted mother the deceased is remembered by many old residents. She had four children two of whom died in child-hood, a daughter, Annie, who died a few years ago and Mrs. Dan Kennell, who alone survives her. When Mr. Rosini passed away Mrs. Kennell was a little girl and some years after, her mother married N. Matli a prosperous rancher. She then made her home on the present Sartori ranch and in her days of plenty she was known far and wide for her big heart and many kindly deeds.

As Mrs. Fisheer she passed many years in town here and altogether resided in this section about 50 years. Of late her health had failer and her death was not entirely unexpected. The pall bearers at the funeral Sunday included former friends and neighbors, Messrs, Geo. Breitenbach, Quartaroli, J. Keechler G. Wallmon and Chas. Dal Pogetto. Mrs. Kennell and the Kennell family including Mr. andMrs. Ralph Evans were the relatives present and followed the remains to the Catholic cemetery where many lovely flowers covered the last resting place.

Joseph Lourdeaux and family of San Francisco have been ill with the "flu" but Mr. Lourdeaux's mother Mrs. L. Mouyer of El Verano has received word that they are improving

Miss Delia Marmori of San Rafael has been home caring for her folks who have all been suffering from the "flu".

INDUCTION INTO THE U. S. NAVY

U. S. NAVY MOBILIZATION STATION,

742 Market Street.
San Francisco, California,
October 28, 1918.

Editor of Index-Tribune
Sonoma, Cal.
Dear Sir:-

Quite a number of men from your vicinity have lately written this office seeking information relative to induction into the Navy, under the new draft scheme: and for that reason, I believe it advisible to ask your assistance in dispensing the necessary information. Anything you can do to enlighten the general public in your vicinity about inductions for the navy will be greatly appreciated.

You are no doubt aware of the fact that under the new draft law, enlistments and enrollments are discontinued, and men are inducted and drafted into the Navy instead. The drafted men are sent direct to navy mobilization stations by local boards. Inducted men are obtained upon individual requests from mobilization officers, through regular prescribed channels to the Provost Marshal General.

Men in Class 1, of registrations prior to September 12, 1918, are not eligible for induction. Skilled men in Class 1, of September 12, 1918 registration are eligible for induction. Certain men who posses qualifications suitable for entrance into officers training schools are eligable for induction as skilled men. Men in deferred classification of any registration may be inducted, and need not be skilled men.

To be inducted men must present themselves in person at this office or one of the sub-stations for examination. Sub-stations are at present maintained in Los Angeles and San Diego. Transportation to the office for examination and to the applicant's home to await induction must be at his own expense. If the induction of the applicant is desired, requistion is made upon the Provost Marshal General for the man, through the Navy Department. If approved, the Provost Marshal General then isues an order to the man's draft board to induct him into the Navy. The man is then transferred to the Navy Mobilization Office for final completion of induction and further transfer to a traininng camp.

Voluntary induetions into the Navy or Naval Reserve can not, under the draft law now in effect, be made in any other manner.

It is absolutely necessary that applicants bring with them card or other official document showing classification and serial number. The order number is not essential.

Men who have previously served in the Navy may be reenlisted upon receiving approval of the navy department.

Many vacancies now exist; in fact this office has been assigned a monthly quota of men to obtain in various branches where skilled men are employed, and for the present will be able to accept a considerable number of applicants of men suitable for officer material; hospital corpsmen, and mechanics.

Thanking you for past favors tendered the former naval recruiting service, and trusting you will give favorable consideration to this letter, I am,

Very truly yours,
C. H. Crocker
Lieut-Commander, USNRF.
Mobilization Officer.

Our "Victory" Brands

"LIBERTY" and "SHAMROCK Flour.

Now contain only 20 per cent substitute. In accordance with new regulations. This produces an excellent "Quality" suitable for all BAKING PURPOSES.

Conserve the wheat supply by using only "Victory Brands." Not necessary to purchase any substitute with "LIBERTY" and "SHAMROCK" They contain the required amount.

Catholics, Jews and Protestants Working Together to Raise Unprecedented Fund for Welfare and Comfort of American Boys Overseas.

PROPORTION OF FUNDS IN NATION-WIDE DRIVE

As approved by representatives of the Government at Washington, the $170,500,000 will be divided as follows:

Y. M. C. A.	$100,000,000
Y. W. C. A.	15,000,000
National Catholic War Council (including Knights of Columbus)	30,000,000
War Camp Community Service	15,000,000
Jewish Welfare Board	3,500,000
American Library Association	3,500,000
Salvation Army	3,500,000

Any surplus will be divided pro rata.

Preparations have been completed in the 58 counties of California for the national drive of the United War Work Campaign from November 11 to 18 which will, it is expected, provide more than $170,500,000 for the war work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, Jewish Welfare Board, Salvation Army, War Camp Community Service and American Library Association.

The California quota is $5,000,000 but nearly every county is working toward an over-subscription, following receipt of a statement from Director General John R. Mott that $250,000,000 really are needed to meet the needs of the soldiers during the coming year. In a number of instances county officials have felt that their quotas were not large enough and have voluntarily increased them.

Promises 50 Per Cent Increase

Alpine County, tucked away in the Sierra Nevada Mountains, with four [illegible] population of 250 and not a church in the entire county, has accepted its quota of $450 and sends word that it will oversubscribe by 50 per cent.

Sacramento, with a quota of $145,200, has set its goal at $250,000. The campaign in Riverside will be conducted by the War Relief Council.

Kern County is keeping open the 166 voting booths of the county to receive contributions on the opening day of the campaign. It has been suggested that every wage earner give at least one day's wages towards the fund.

Great interest in the campaign has been manifested by the women of the State, thousands of whom will take an active part in soliciting funds. Protestant, Catholic and Jewish women are organizing a house to house canvass in many cities.

Boys and Girls Ready

The "Earn and Give" division of the Victory Boys and Girls has received the enthusiastic endorsement of men and women. The opportunity of backing a fighter with money that he or she has earned has made a striking appeal to thousands of young people throughout the State. Twenty thousand students of California are now being enrolled, with a goal of $125,000. This campaign comprises the student body of business colleges and private, normal and professional schools.

Organization of the non-English speaking citizens of the State is being effected north and south under the direction of Prof. W. R. Mitchell. Thousands of Spanish, Italian, French, Greek, Chinese and Japanese residents, whose boys are with the A. E. F. in France are enthusiastically co-operating in the preliminary plans for the campaign.

Inaugural Dinners November 8

Inaugural dinners are planned throughout the State for Friday night, November 8. At these affairs the entire plan of campaign will be set forth in detail. It is believed that the ban on all public meetings, whether indoor or outdoor, will have been lifted by that time. The routing of prominent speakers from overseas has been resumed, and nearly 200 men whose welfare work has taken them into the front lines in France will address public meetings.

Three thousand ministers, priests and rabbis of the State will devote a part of their sermons and announcements on Sunday morning, November 10, to the United War Work Campaign and the purposes to which the money will be put.

In many churches returned workers from the various organizations concerned in the drive will occupy the pulpits.

CHRISTMAS MAIL FOR SOLDIERS AND SAILORS

So many conflicting reports have been circulated about regulations governing the sending of Christmas packages to soldiers, sailors and marines in overseas duty, that the State Council of Defense is urged by Washington to give the widest publicity to the set of rules to be observed in forwarding packages to our warriors.

No package will be accepted for soldiers after November 20.

Packages for sailors should be shipped to reach New York not later than Novemoer 15.

Rules for sending Christmas packages to marines who are with the American Expeditionary Forces in France will be the same as for soldiers.

For all other marines, whether in training or serving actively at naval posts and stations at home and abroad or aboard ship, Navy regulations will govern.

It has been decided by Red Cross officials, with the concurrence of the War Department, that it will be impracticable to undertake the distribution of gifts to men in the United States service who have no relatives or friends to whom they wish to send their Christmas box coupons.

However the Red Cross abroad is preparing to make a general distribution of tobacco to all men in the American Expeditionary Forces. Cigarettes in special packages of fifty will be provided if possible.

FOR SOLDIERS

War Department regulations for soldiers Christmas packages are as follows:

All packages will be of standard size and weight, one for each indivdual in the American Expeditionary Force.

General Pershing is distributing to those in his command coupons on which are inscribed the names and addresses of his men. These will serve as address labels for the packages, as they will be mailed by the soldiers to the persons who are to send them Christmas packages. These labels probably will be received in the Uited Staes by Nov. 1st.

Those receiving the labels should present them at the nearest Red Cross chapter or organization, where each will receive a pasteboard carton, three by four by nine inches in size. These boxes will be distributed by the American Red Cross by Nov. 1

Boxes may be filled with any articles except those barred by postal officials which include intoxicating liquors, inflammable material, liquids and fragile articles inproperly packed. No note or message of any kind will go with the boxes. Friends and relatives of soldiers are urged not to put anything in the boxes that will not keep fresh until Christmas. Dried fruits and other food products should be packed in tins or wooden boxes. Preference should be given to hard candy, over the soft varieties such as chocolates.

The weight of the package wrapped should not exceed three pounds. Parcels may bear inscriptions as "Do not open until Christmas", "Merry Christmas", "Happy New Year", "With Best Wishes" and the like.

The boxes should be taken unwrapped and unsealed to the nearest collection center to be indicated by the Red Cross, together with the address label and sufficient stamps to carry it by parcel post to Hoboken, N. J. After the package has passed inspection by the Red Cross representatives as to contents and weight and has been wrapped in stout paper the Christmas label bearing the address of the man for whom it is intended is to be placed on it. After the package has been properly stamped, a label certifying that inspection has been completed by the Red Cross will be placed on the package which will be delivered by the Red Cross to the postal authorities.

FOR SAILORS

Rules for sending Christmas boxes to sailors follow:

Packages forwarded by parcels post must comply with the postal regulations and should be inclosed in substantial boxes with hinged or screwed top cover to facilitate opening and inspection.

No perishable food products other than those inclosed in cans or glass jars should be packed in parcels post or express shipments.

All mail matter should be addressed as now prescribed by the Postal regulations. All express packages should be forwarded in care of Supply Officer, Fleet Base Twenty-ninth Street and Third Avenue, South Brooklyn, N. Y.

All packages must be plainly marked with name and address of sender together with a notation indicating the nature of the contents, such as "Christmas box", or "Christmas present".

County Clerk W. W. Felt the genial county official was down in the county car Sunday with Assistant District Attorney Ford distributing election supplies. Both were given a hearty welcome by friends all along the line.

W. Chester of the Sonoma Valley Water Light and Power Co. has threatened to discontinue the hydrant water service for fire protection at the old rate as he claims the city abrogated its contract by holding up his bill last month. The city claimed there was not sufficient water in the hydrant on 2nd. St. East when needed at a recent fire.

Miss Alma Cooper who has been in training for a nurse in San Francisco has had a slight attack of the influenza but is now better and has been transferred to the dietary kitchen which is good news to her mother, as there is much of the epidemic in the hospital with which Alma will not now be in direct contact.

Ray Button convalescent from an accident to his hip and arm and from small-pox is home with his folks at Boyes Springs.

Miss Ethel Evans has been home from the State Normal during the flu scare.

Ray Gottenberg's condition is reported improved much to the joy of many friends and to his folks in Sonoma who awaited anxiously the bulletins from his bedside at Camp Kearney.

All Welcome!

Keep the Home Baking Safeguarded

Housekeepers who have always used Royal Baking Powder with utmost satisfaction are sometimes importuned by canvassers to try other baking powders because they are cheaper or under the false pretense that they have been especially selected for Government use.

The Government is now using Royal Baking Powder and has used it continuously for forty years.

Be on your guard against cheap baking powders as they invariably contain alum which is derived from mineral sources.

The label on the can will show whether the baking powder you now use, or any brand new or old that may be offered, contains alum.

Royal Baking Powder is made from cream of tartar which is derived from grapes. It contains no alum, leaves no bitter taste and is absolutely pure.

"We always use Royal Baking Powder because we *know* when we use it we are not using anything injurious."—[From an unsolicited letter. Name of writer given on request.]

Royal Baking Powder Co., New York

AL FINGERS, PROPRIETOR

LOST HIS ARM IN THE WAR

SAD ACCIDENT TO MILTON SOBBE IN FRANCE

Word has reached Glen Ellen that J. Milton Sobbe, son of pioneer residents of that section who has been fighting for Uncle Sam over in France has lost his right arm at the shoulder. It was shot off by an enemy gun and he has been in a hospital convalescent from the sad accident. Three days after the mishap Milton wrote to his brother Ernest and asked him to break the news very gently to the old folks at home and to his sweetheart. He said he expected to be invalided home by Christmas. Sonoma friends are sorry to hear of the sad accident which the Glen Ellen soldier suffered in the defense of his country. He was a fine looking young patriot and was formerly in the general merchandise business in this valley. This is the second accident which has been reported to home folks here from the front this week, Ed. Lindley's brother being the other victim.

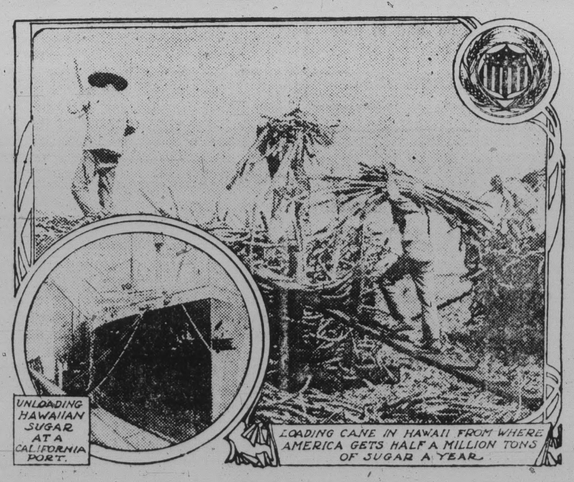
MEN CALLED BY EXEMPTION BOARD THIS WEEK

The following registrants were called to Santa Rosa Wednesday by Local Exemption 2 for physical examination; Petro Ronconi. Frederick Heggie, Ralph Thompson, Demetrius Jumes, Albert Weyl, Efreme Bianchini, Henry Rubke, Guiseppe Pieri, John B. Vigna, Nicholas Carriger, Louis Castagnetto, John J. Dowdall, Lorenza Giannini, Louis Bosch, Joseph Loretz, Lloyd Sanders, Kenneth Perry, Chas. R. Taylor, David L. Moskowitz, Timothy O. G. Mahan, F. Biscioni, Caspar Wild and Frederick Burke.

Frank P. Grace of Santa Rosa, was among those of the county seat who had a severe attack of the "flu". Mr. Grace who is interested in the big dairy ranch near here and was former sheriff has many Sonoma friends who will be pleased to hear of his recovery.

Harry Lutgens of the Sebastopol Times was on the sick list last week and unable to attend to his duties.

Saving Sugar Saves Shipping



UNLOADING HAWAIIAN SUGAR AT A CALIFORNIA PORT.
LOADING CANE IN HAWAII FROM WHERE AMERICA GETS HALF A MILLION TONS OF SUGAR A YEAR.

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

BOYES SPRINGS BIGGEST SEASON

1918 Has Eclipsed All Other Years At Popular Resort Which Is To Be Enlarged.

Messrs Klein and Lichtenberg of Boyes Springs, Sonoma Valley's famsummer and winter resort, are authority for the good news that the seaseason of 1918 has been the most successful ever enjoyed by the Springs and that in order to meet the growing demand for accomodations the bathing facilities will be increased at once. Work has already been authorized for the construction of twenty more tubs in a new annex to the baths and a new auxiliary tank is to be built which will be filled for bathers when the present immense capacity tank is being cleaned and refilled daily. 70,000 bathers took advantage of the bathing at Boyes Springs during 1918 which is a record. Mr. Klein expresses himself as much pleassed with the outlook for next season and is enthusiastic over the resort in which he became actively interested the first of the present year. As an experienced manager of big hotels and tourist trade he says Boyes has no peer and will before long win the reputation it deserves as the finest mineral springs in the United States. Sonoma Valley mineral waters and hot baths are certainly one of our biggest assets.

ANOTHER REASON

Another reason why Sonoma should have its own chapter of Red Cross is the discovery of 5000 surgical dressings made by our patriotic women and almost lost in Santa Rosa where a careless janitor shoved them aside and now after weeks of tracing they have just came to light.

Following is the letter telling of the sad fate of the box containing the 5000 bandages which Sonoma women hastened to prepare and get to the front;

Santa Rosa Oct. 18, 1918.

Mrs. J. D. Wagnon Secty.
Sonoma Branch A. R. C.
Dear Mrs. Wagnon:

Recently while going over the former headquarters in the library in this city we came across the box of 5000 surgical dressings that was sent here some time ago by your branch of the American Red Cross. In some way it was overlooked, and in all probability it was put under the table by the janitor, where it was finally discovered. We are very sorry indeed for this occurence and for the trouble it has caused and trust that you will pardon this seeming neglect.

Very truly yours,
Ruth Anderson, Secty.

CARD TO THE PUBLIC

This is to certify that the undersigned Leslie Brisbin is the sole proprietor of Caliente Villa and that no other person or persons are connected with the ownership and management of the resort. Thanking the public for past patronage

Respectfully,
Leslie Brisbin, Prop. Caliente Villa
Sonoma Co. Cal.,

FRED La VINE A VICTIM OF PNEUMONIA

Fred La Vine, a brother of Frank La Vine of Oakland and of Mrs. Ed. Johannsen of this place died of pneumonia following the influenza at his home in Illinos. Mr. La Vine who was 45 years of age left a wife and five children. He spent his boy hood days in this valley.

P. Lindley, a brother of Ed. Lindley of the Sonoma Feed Store, who is in France with the 363rd Infantry Corps was hit in the jaw with a piece of shrapnel which came out through his neck inflicting an ugly wound. He is in the hospital and writes that he will probably be there for the next 90 days. Lindley is with Isadore Leveroni "over there".

H. V. Du Bois, a prominent dairyman of the Napa road whose fine farm is a model of the latest type dairies was in town Tuesday. Mr. Du Bois is a customer of the Sonoma Mission Creamery and his dairy produce always brings a top figure. The Du Bois dairy is near the intersecting boundaries of Napa and Sonoma counties.

Hens May Not Be Pullets But Pullets Are Hens.

The Poultry Association of Central California has scored again in the courts and at Sacramento the first of the week when it won a suit against a Sacramento poultryman named Neilsen who wanted to withdraw on the ground that the association did not have 1,000,000 hens. The contention was made that some eight or nine hundred pullets were not hens. The court decided that pullets were hens and the Federation won the case.

Phoebe Hearst through her attorneys in S. F. has begun suit to quiet title to land at Agua Caliente now the property of Anna Acquistipace and others.

CLASSIFIED ADS

CAPTAIN BAINES HEADS DRIVE

United War Work Locally Organized For Coming Week. House to House Canvass For Funds

Following a visit here last Saturday from Judge Emmett Seawell of Santa Rosa who heads the United War Work drive in this county an enthusiastic meeting was held at Sonoma's City hall Wednesday evening. The meeting was called to order by Wm. F. Clewe and permanent organization effected. Tom Baines is Captain of the Drive in Sonoma Valley and the following aides will assist him: W. Bundschu, Vineburg, R. L. Watt, San Luis, L. Lamotte, El Verano, R. P. Hill, Glen Ellen, Miss Harriet Brand, W. Glen Ellen, Landers Stevens, Caliente, L. H. Golton, Sonoma, Jesse F. Prestwood, Sonoma. Headquarters will be opened in the Robt. Poppe building and the office will be open every evening from 7 to 8 to accept contributions, Miss Emma Mouritsen of the High School faculty in charge. All accounts will be audited by R. E. Perkins. $4,000 must be raise in Sonoma valley and a house to house canvass will be made for this probable last big call to aid the soldier boys and all those gone to war. Figured on the basis of what Sonomans gave to the Red Cross drive each donor must raise his contribution 70 per cent in order to get our $4,000. Only $2,580 was raised during the Red Cross drive.

It has been suggested that a bulletin board be erected in each district or in Sonoma and the names of donors be enrolled upon it daily. The drive is non-sectarian and all money being turned in collectively is sanctioned by the government and apportioned as agreed to by the different organizations participating. The Y. M. C. A. and Y. W. C. A. are being represented here by Rev. Waltz and Rev. Cookman. The Knights of Columbus by Dr. I. C. Gobar. The drive starts Monday, the big days of giving being from the 11th to the 18th This is the great call for sacrifice and generosity for unlike the Liberty Loan drive it is not a business investment but charity with all its attendant blessings.

NOTICE

All bills due and payable to Dr. A. M. Thomson, now serving his country may be paid at his residence either to Mrs. Thomson or Miss Venton. Make checks payable to Mrs. A. M. Thomson. adv.

AGED LADY GOES TO HER REWARD

Mrs. D. Knackstedt, 87 years of age, died at the home of her daughter Mrs. John Stockwell, this week. Old age was responsible for her demise as she had been bright and alert up to the last. Her yearly birthday parties were events looked forward to by friends in Sonoma who always called on the interesting old lady. She was a sister of J. Bornecke and a half sister of Mrs. H. Weyl of this place. Besides her daughter, Mrs. Stockwell, she left a daughter Mrs. Cook and Theodora Knackstedt to mourn her passing.

The Glove factory employees are planning a grand ball here and promise the finest music Sonoma has ever danced to. It will be a benefit for war work.

Dal and Carlos Emparan have both had the "flu" and were cared for by their mother and Miss Agnes Moss. Miss Moss is now ill herself.

Frank LaVine was here from Oakland on Election day.

RICHMOND-SAN RAFAEL
FERRY TIME TABLE
Effective Monday, Oct. 28, 1918.

CARTONS FOR BOYS XMAS ARRIVE

Red Cross Receives 50 of Them So Bring In Your Tickets From Boys At Front.

The following letter from Ira D. Pyle of the Santa Rosa chapter of Red Cross is self explanatory and means 50 packages of good cheer for our boys "over there".

Santa Rosa, Cal. Nov. 6, 1918

Mr. L. H. Green, Acting Corresponding Secretary,
Sonoma Branch A. R. C.
Sonoma, California.,
Dear Sir:

Here are the fifty cartons. Read very carefully the instructions for packing and inspection. When the people bring in their tickets from the boys at the front, deliver to them one of the paste board boxes and one of the sheets of paper that explains about the packing. You keep the ticket in your office.

When they return the package ready for shipment you inspect it and tie it up according to the picture enclosed, and attach the inspection slip on the end.

It will cost thirty six cents to mail it to Hoboken, New Jersey.

After the package is tied and stamped, you will then turn it over to the post office and they will forward it.

Kindly give this matter the widest publicity possible, using your newspapers, and put a sign out in front of your office so that everyone will know where to get the cartons for we do not want any of the boys in France to go without a package.

Very truly yours,
Ira D. Pyle,
Chairman.

NO DISCOUNT ON PIES.

Yet It Seemed as Though, Considering, There Should Have Been.

Mrs. Hannah Fifer, a widow, who earned her living by renting rooms for light housekeeping, had the reputation of being a shrewd manager and much inclined to carry economy to the farthest possible point. She was hard working withal and seemed never to reach the end of her daily labor. On a certain day Mrs Castle, one of the "light housekeepers," finding a surplus of time on her hands, kindly offered to help Mrs. Fifer out with her over flow of work

"Well, if you feel like it, I wouldn't care if you'd take hold and bake me up a couple of pies," Mrs. Fifer conceded "That'll help me a lot There's a bowl of apple sauce that I'm afraid won't keep if it ain't used soon."

After Mrs. Castle had begun work Mrs. Fifer appeared with a supplementary suggestion

"While you're about it," said she, "mebby you wouldn't mind baking four pies 'Twon't take any more coal to bake four than two, and that'll be a saving. You can make the filling hold out by having lots of juice to it."

Mrs. Castle agreed to the amendment and worked away industriously until her task was accomplished, when, wearied with her labors, she retired to her own apartment

In a short time Mrs. Fifer's small daughter, Peggy, appeared at her door.

"Ma says," reported Peggy, "that she don't b'lieve she'll be able to use all them four pies before they dry out, and she wants to know if you won't buy two of 'em off her for 20 cents, and she'd like the 20 cents right away, please."

Mrs Castle bought the pies, observing to herself with a dry smile, "She might have let me have two for 15 cents—considering."—Youth's Companion.

Advice to Stage Villain.

"Don't go down to the scene of your crime in the last act," says Jerome K. Jerome "You always will do this. We suppose it is some extra cheap excursion down there that attracts you. But you take our advice and don't you go That is always where you get nabbed. The police know your habits from experience They do not trouble to look for you They go down in the last act to the old hall or the ruined mill, where you did the deed and wait for you In nine cases out of ten you would get off scot free but for this idiotic custom of yours." —London Standard.

Curable Case.

The widow Gilroy had just told a friend of her engagement.

"But, my dear Margaret," said the friend, "you don't really mean to tell me that you intend marrying a man you've only known for three weeks?"

"Oh, yes," replied the young widow. "I can easily overcome that objection in time. I hope to know him tolerably well after we have been married a couple of years."—Philadelphia Record.

Poor Place to Fall Out.

Through his megaphone one aviator shouted to another:

"Rise out of my level, or, by the great"—

"All right, all right," shouted the other aviator, elevating his plane instanter "We don't want to fall out here, do we?"—Philadelphia Bulletin

RINGRESSY'S DIVISION IN FRANCE HAS WON GREAT DISTINCTION

Lt. A. P. Ringressy who has been in France for some time has the distinction of being with one of the most honored divisions over there. His 15th Field Artillery is fighting with the regulars in theFrench army and has been commended several different times for signal service and brilliant achievement. Ringressy's division is given credit by the French papers for the liberation of Rheims, brilliant work at Chateau Thierry and other notable engagements.

In writing to a friend here recently he describes his busy wonderful experiences and his unusual environment. He tells of the 150 bombing planes escorted by a squadron of 120 smaller air crafts going over head all in the same direction and on one mission at the moment he was writing. He says it is not unusual to see as high as 250 soaring overhead all on business of import. He has been in the thick of recent big artillery battles and wrote lately that he had not had his clothes off for 2 weeks, his boots for 4 days and his whiskers. God knows when.

Our Canadian Boundary Line.

The country which can boast not a scientific frontier merely, but a natural one, has a huge advantage in time of war. The sea takes the first place in the category of natural boundaries; a big mountain range comes second and a big river third.

An object lesson in the value of all three is presented by India. Why is India the jewel of Asia? Because it is contained in a casket, the base of which is the ocean, the lid of which is the biggest range in the world and the key of which is the river Indus.

It is the most remarkable fact in the history of mankind that betwixt the vast dominion of Canada and her neighbor, the mighty United States of America, the dividing line is merely imaginary.

There is not a fort or redoubt or gun or military station along all that 4,000 miles of frontier. That is the true peace spirit. That is an object lesson to the world—two great nations dwelling side by side under separate flags and different laws and yet not in fear and dread of each other.—London Answers.

First Carrier Pigeons.

The Turks appear to have been the first nation to organize carrier pigeon service on any extensive scale. William Lithgow, who resided in the Levant from 1609 to 1620, tells us that the pigeon post of the caliphs conveyed messages from Aleppo to Bagdad, a thirty days' journey, in forty-eight hours. The whole kingdom was equipped with a pigeon post, and news sent by half a dozen birds or more—so that some might escape the hawks—was quickly transmitted from one end of it to the other. Philological evidence, backed by the opinion of the earliest writers on pigeons, goes to show that the carrier pigeon comes of Turkish stock. The old Turkish name for this bird is "bagadin," the French "bagadais" and the Dutch "bagadat," while the English used to call it "mawmet," evidently a corruption of Mahomet.—London Chronicle.

Rock Cannon of Malta.

It is a curious fact that when the island of Malta was in possession of the Templars those doughty knights defended their forts by means of cannon cut into the solid rock. Each of these strange engines of war was capable of containing an entire barrel of gunpowder and, it is said, could throw 10,000 pounds of projectiles. Inasmuch, however, as these natural cannon could not be aimed, fifty were cut out of the rock guarding the various channels of approach, and the vessels of that time were therefore unable to come within their own range before being annihilated by the big weapons of defense. Although the fame of these cannon was spread far and wide, they were not duplicated elsewhere and to this day they remain the only rock cannon of which there exists any record.

SENSATIONAL TURN IN ROWE-FETTERS CASE

The non-appearance of a juror, sick with the flu, the substitution of another juror and the evidence all to be gone over for his benefit on the 19th was just a portion of the sensational turn taken in the Rowe-Fetters slander casse on trial at Santa Rosa yesterday.

Council for plaintiff caused a big sensation by alleging that Wm. Hackman, a witness for the Fetters had confessed to purjured testimony and as a result, Judge Seawell asked to have the allegation investigated by the Grand Jury Tuesday. Hackman is a former bartender.

INFLUENZA REGULATIONS STILL NECESSARY

The passage by the Sonoma county supervisors last Saturday of a resolution making the wearing of flu masks compulsory has led to their general adoption here. A number of new cases have been reported daily and at the State Home 442 suffers and 25 deaths have been reported.

Two deaths have occured among Sonoma valley residents and there is still much sickness. Vaccine has been received and the employees of the Sebastiani Canning Company were innoculated, as a preventive measure. Some of the sufferers of last week are recovering but all are advised to exercise the greatest care to guard against the deadly pneumonia. Schools and amusement places continue to be closed.
